

“The Internet is going to be big someday.” (Pederson, 1996.)

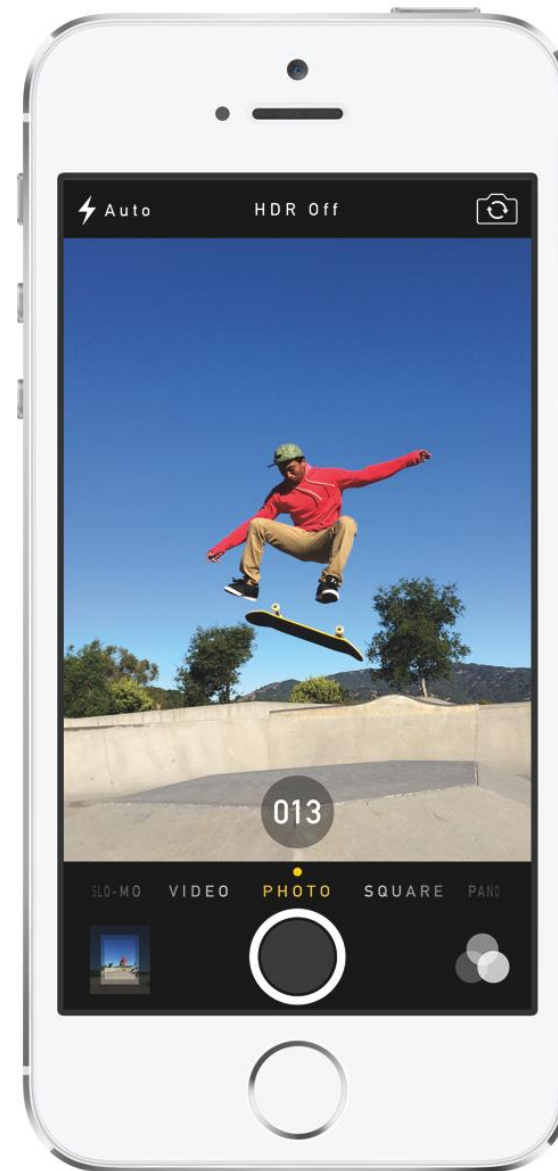

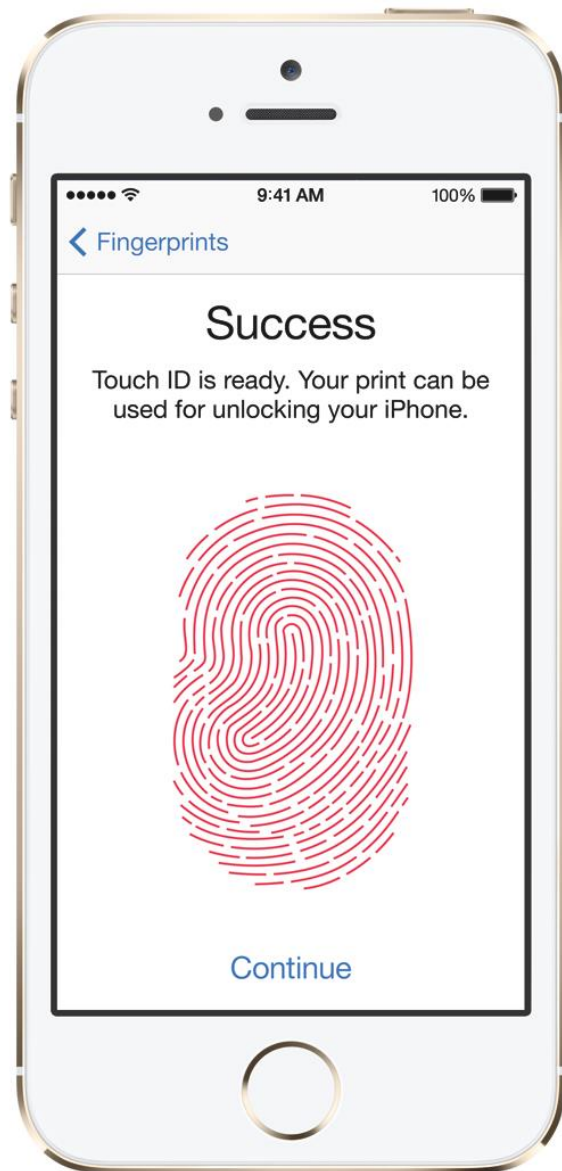

## Free Wi-Fi @ McDonald's

Your favorite McDonald's meal now comes with complimentary Wi-Fi. Get some work done, check email, connect with friends...for free!

With free Wi-Fi at more than 11,500 participating restaurants, customers can access the Internet using their laptops or PDAs at no charge. So grab a McCafé Latte and log on...it's on us! Just one more thing to love about McDonald's.

**Find a McDonald's Wi-Fi Hotspot:**

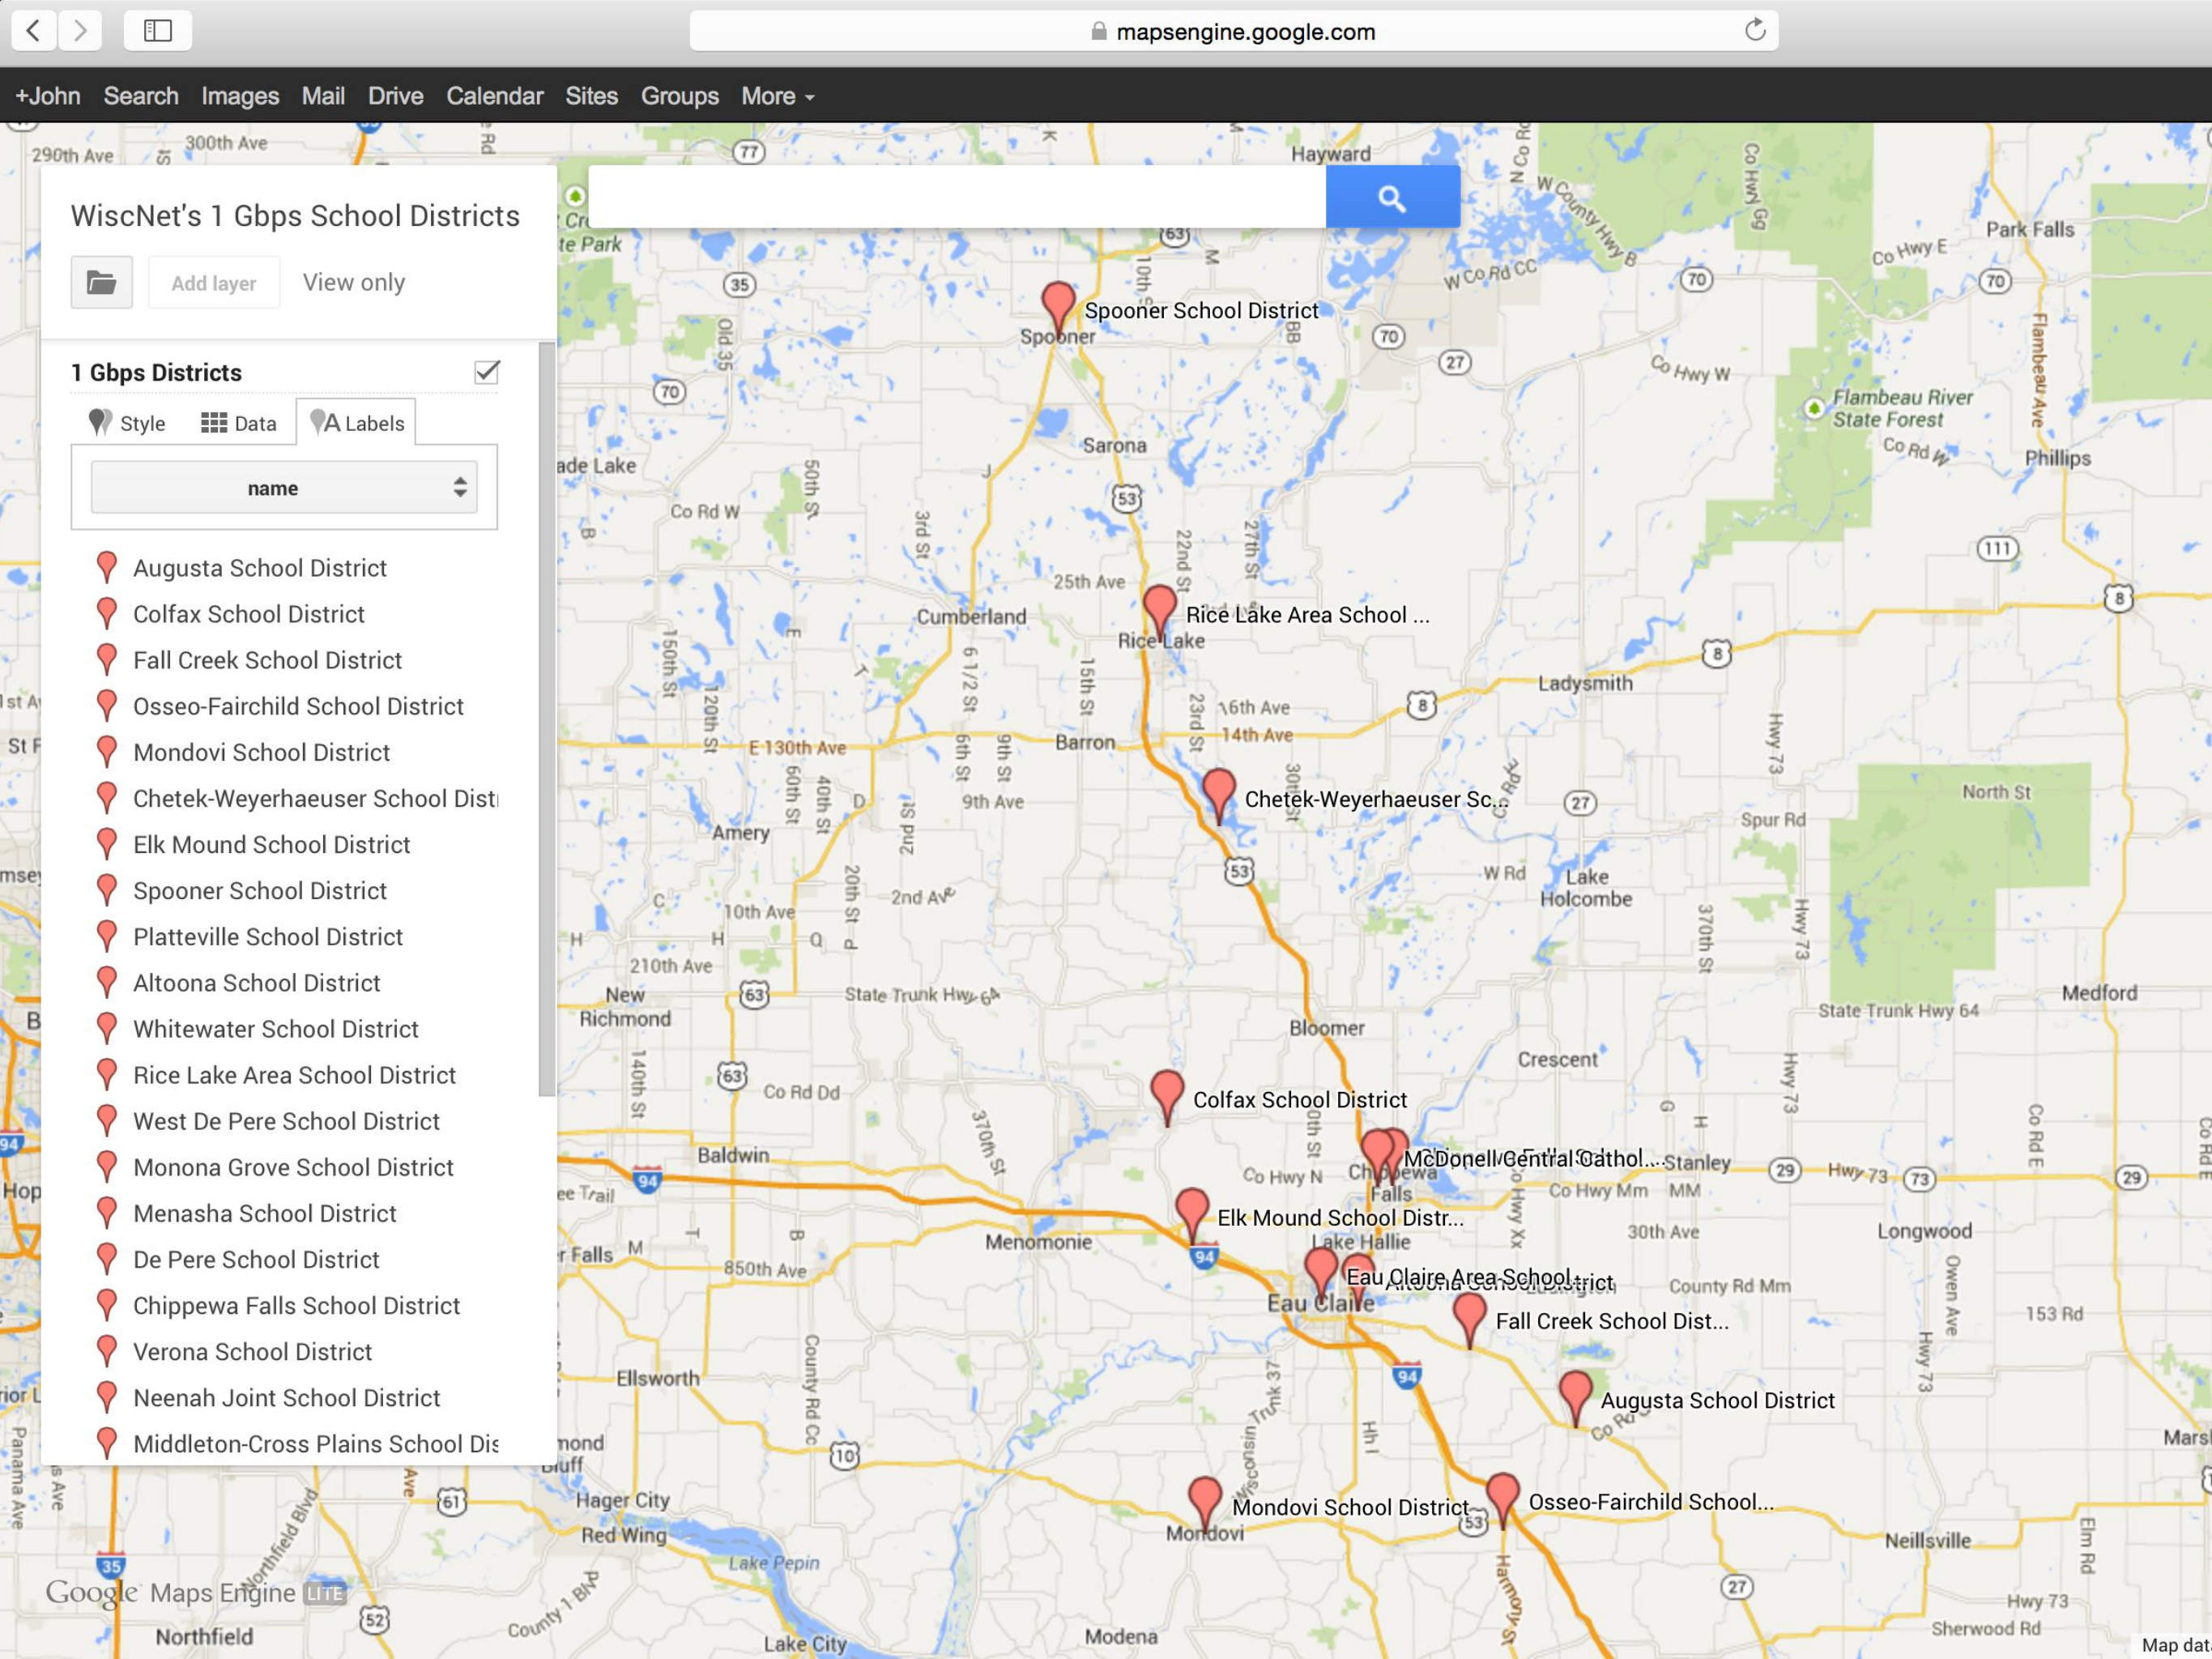

“The Internet is going to be big someday.” (Pederson, 2014.)
